### 12th Annual General Meeting of MetrioPharm AG

On June 20, 2018, the 12th Annual General Meeting of MetrioPharm AG was held in Kloten (Zurich). The Management and the Board of Directors of MetrioPharm AG presented the annual report for 2017 at the beginning of the meeting. The main focus was on the discovery of the mode of action of MP1032 and the advantages of MetrioPharm's *targeted therapy* in contrast to the conventional treatment by immunosuppression.

Also presented were the results of the Phase IIa study, which was completed in 2017 and demonstrated the very good safety profile and exploratory efficacy of MP1032. Finally, an outlook was given on the present development, especially on the current Phase II clinical trial, of which the first results (Top Line Data) are expected in the first quarter of 2019.

Following the unanimous discharge of the Board of Directors, Ekkehard Brysch and Rudolf Stäger were re-elected to the Board of Directors for a further three-year term of office. The terms of office of Markus Wenner and Dr. Werner Wolf will run for another year. Joerg Gruber was newly elected to the Board of Directors, he has been advising MetrioPharm in financial and strategic matters since 2009. Joerg Gruber has many years of experience as a venture capitalist for biotechnology and has advised on several successful company takeovers in this segment. The Board of Directors will constitute itself in the coming weeks.

Of the total share capital of CHF 19,882,000.00, divided into 99,410,000 registered shares with a par value of CHF 0.20 each, 65,221,082 shares were represented. This corresponds to 63.28 % of the issued shares. The voting results for the 12th Annual General Meeting can be found in detail on our website under MetrioPharm AG: [Voting Results](#).
